

Modern Slavery and Human Trafficking Statement
Jinko Solar (Switzerland) AG/Jinko Solar Denmark ApS

Introduction

This statement is made pursuant to the UK Modern Slavery Act 2015 (the "Act") and is intended to provide information to our stakeholders regarding our efforts to identify, prevent, and address modern slavery and human trafficking in our business and supply chains.

On March 14th, 2022, Jinko Solar received the UNGC Best Practices Sustainable Award 2021. The award nominees underwent a rigorous and documented process of successive stages of short-listing by multi-disciplinary experts, who assessed the performance of companies in each of the

four areas of the UN Global Compact, namely Human Rights, Environment, Labour and Transparency.

Our supply chains

The solar modules are supplied to Jinko Solar through Jinko Solar Group entities. Jinko Solar does not directly source any raw materials or components as a part of its independent supply chain. The

supply chain of the Jinko Solar Group involves various components and raw materials, including polysilicon, ingots, wafers, solar cells, frames, connectors and junction boxes, etc. which ultimately results in a final product i.e. solar modules. These materials are sourced by Jinko Solar
